The youth we are sponsoring has aged out of the foster care system and is currently living in a one bedroom apartment that is neat and well kept. She has applied for a two bedroom apartment in the same complex and is awaiting this transition.

She has an 11 month old baby boy and has recently gained guardian ship of her young teenage sister. In this one bedroom apartment, the youth's sister has her bed in the living room. If they are successful in moving, the youth's sister will have her own room. The baby does currently have a crib.
